General instructions and disclosures

About this statement

Clearing services

Wells Fargo Clearing Services, LLC (Wells Fargo Advisors), an indirect wholly owned subsidiary of Wells Fargo & Company, is a clearing broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the New York Stock Exchange (NYSE), the Financial Industry Regulatory Authority (FINRA) and all principal U.S. exchanges. Wells Fargo Advisors carries your account(s) and acts as your custodian for funds and securities deposited with us directly by you, or as a result of transactions we process for your account. Twice a year, Wells Fargo Advisors publishes on its web site www.wfclearing.com a statement of the firm's financial condition. Alternatively, a printed statement is available to you upon request.

Trade date statement

All activity and positions on this statement are shown as of the date a trade is entered on the brokerage trading system (i.e., the trade date). Proceeds from the sale of securities and costs for the purchase of securities are not transacted through your account until the actual settlement date of the trade, which may be up to three business days after the trade date (or longer for certain securities with an extended settlement date).

Pricing of securities

Securities prices reflected on your statement may vary from actual liquidation value. Prices shown are provided by outside quotation services which we believe to be reliable but due to the nature of market data the accuracy of such prices cannot be guaranteed, or in the absence of such pricing, are estimated by Wells Fargo Advisors using available information and its judgment. Such estimates may not reflect actual trades and do not reflect a commitment by the firm to buy or sell at those prices. Securities listed on a national exchange such as the NYSE or Nasdaq Stock Market are priced as of the close of the statement period. Unlisted shares may be valued at the current best published "bid-price", and, if none exists, the last reported transaction if occurring within the last 45 days. Prices of securities not actively traded may not be available and are indicated by "N/A." Corporate and municipal bonds and other fixed income securities are priced by a computerized pricing service or, for less actively traded issues, by utilizing a yield-based matrix system to arrive at an estimated market value. Listed options are priced based on the closing "bid-ask" prices and the last reported trade. Mutual fund shares are priced at net asset value. Shares of direct participation program (DPP) and real estate investment trust (REIT) securities that are not listed on a national exchange are generally illiquid. Because no formal trading market may exist for these investments, their values are estimated. Unless otherwise indicated, the values shown for DPP and REIT securities have been provided by the management of each program and represent that management's estimate of the investor's interest in the net assets of the program. See statement sections for additional pricing information. Prices for hedge funds and certain managed futures funds are provided on a month delay basis. Other managed futures funds may be priced more frequently. Long-term certificates of deposit (maturity beyond one year from date of issue) are priced using a market value pricing model. Generally, the sale or redemption price of your securities may be higher or lower than the prices shown on your statement. For an actual quote, contact the individual servicing your account.

Estimated annual income/yield

Estimated Annual Income (EAI), when available, reflects the estimated amount you would earn on a security if your current position and its related income remained constant for a year. Estimated Annual Yield (EAY), when available, reflects the current estimated annual income divided by the current value of the security as of the statement closing date. EAI and EAY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EAY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. The information used to derive these estimates is obtained from various outside vendors; Wells Fargo Advisors is not responsible for incorrect or missing estimated annual income and yields. Past performance is not a guarantee of future results.

Income summary

The Income summary displays all income as recorded in the tax system as of period end date. The totals in the Cash flow snapshot may not match the totals in the Income snapshot due to reclassifications or other corrections made in the tax system. Remember, you may have certain products that are not included in these figures and whose income is only available on the tax forms sent to you at year-end. Reclassifications and other tax reporting requirements may alter these numbers both during and after year end. You should rely only on tax reporting documents. Contact your tax advisor if you have any questions about the tax consequences of your brokerage activity.

Account Protection

Wells Fargo Advisors is a member of the Securities Investor Protection Corporation (SIPC) which protects against the loss of cash and securities held in client accounts of a SIPC member firm in the event of the member's insolvency and liquidation. SIPC coverage is limited to \$500,000 per customer, including up to \$250,000 for cash. For more information on SIPC coverage, please see the explanatory brochure at www.sipc.org or contact SIPC at **(202) 371-8300**. In addition, Wells Fargo Advisors maintains additional insurance coverage provided by Lexington Insurance Company (Lexington). This additional insurance policy becomes available to clients if their SIPC limit is exhausted and provides additional protection up to a firm aggregate of \$1 billion, including up to \$1.9 million for cash per client. SIPC does not insure the quality of investments or protect against market losses. SIPC only protects the custody function of their members, which means that SIPC works to restore to clients their securities and cash that are in their accounts when the member firm liquidation begins. Not all investments are protected by SIPC. In general, SIPC does not cover instruments such as unregistered investment contracts, unregistered limited partnerships, fixed annuity contracts, escrow receipts, direct investments, currency, commodities or related contracts, hedge funds and certain other investments.
